

COMPANY PROFILE

As world markets become more and more one market, the companies that want to distinguish themselves can no longer depend on easily forgotten communication campaigns. In order to speak in an unforgettable voice, they have to count on well-designed and focused strategies.

ECCENTROS Multimedia & Promotion was established for one purpose: to provide our clients with technological solutions and communication strategies that leave a mark.

The marketing and creative team of **ECCENTROS Multimedia & Promotion** has been working for years in the field of communication specializing in advertising, web and multimedia design.

Our core skills can be expressed in few but unequivocal words: **having a preference for sober and elegant style, taking care of the smallest details and quickly fit into any context in order to satisfy our clients expectations.**

ECCENTROS Multimedia & Promotion is the reference point for the companies that want to stand out with a strong, unique and abreast with the times corporate identity. We are able to work across the sectors taking care of everything related to the promotion and to the technical improvement of a company:

- **R**esults-driven integrated communication campaigns across numerous media:
 - **G**raphic design, logo design and corporate identity.
 - **H**eaded notepaper, brochures and sell sheets.
 - **A**dvertising campaigns, copy-writing, professional photography services.
 - **V**ideo production and post-production.
- **W**e plan and build effective websites. We provide a website tailored to your specific requirements.
- **S**earch engine optimised websites and directory submission.
- **P**ortals development by proprietary content management system (CMS).
- **3D** modeling.
- **S**oftware on demand.
